

Crew 2911 Meeting Minutes
30 March 2010 – 6:00 pm
First Christian Church

Attendees: Zack A., Danny T., Eli I., Orion M.; Advisors – Patrick C., Ronnie R., Carl A.

Opening – Patrick

Reports – none

Old Business – none

New Business

- Questions about Venturing?
 - Can activities be used for both Venturing and Troop requirements? - Yes, there is no rule stating you can't use one activity for both requirements, however the activity will need to be approved by the Scoutmaster and the Advisor.
- Patrick went through the basics of awards. Outdoor Bronze will be a good place to start for the first 6 months of activities. The Sports Bronze will also be easily earned if a Venturer plays an organized sport.
- Ronnie asked what activities would be good as social things. Swimming, Rock Climbing, Dayhikes, Bowling, Movie Nights, Bowling, Ice Skating. We discussed the possibilities of going bowling on Thursday the 8th. Patrick will check into pricing and let people know.
- We talked about outdoor type activities. Archery, Kayaking, Canoeing, Backpacking, and Camping. Backpacking seemed to be something everyone enjoys. Those going to Philmont will be doing many dayhikes and shake-down hikes. We can run those through the Crew as well.
- Ronnie brought up dues for the Crew. She suggested \$1 per meeting and if you are absent from the meeting, you still owe the due. Everyone agreed this was a good idea to purchase things for the Crew. We discussed 50c or \$1. Unanimous vote for \$1.
- Bass Creek Campout, Troop 1911 on April 17th. Most people are going. Patrick will look into high adventure activities in the area and talk with Brad (T1911 Scoutmaster) about this.
- Ronnie discussed the need for officers. The main ones are President, Vice President, Treasurer, Secretary. There are a few optional positions as well. Patrick will find information on each position's responsibilities and email this to everyone. Everyone should be thinking of taking some position to help out if you don't have something in the Troop. The advisors will be doing a lot of planning to start with the venturers shadowing and learning. Eventually the venturers will be doing much of the planning and the adults will offer support.
